ABOUT

A driven design student, passionate about user research and user experience design. My academic coursework has equipped me with a strong foundation in design principles and research methodologies. Additionally, I possess skills in crafting intuitive user interfaces & visuals, blending creativity with functionality.

PROJECTS

Care Sync App Interaction Design, User Experience

CareSync is a digital health solution designed to revolutionise HIV care delivery in India by addressing key challenges and enhancing the overall patient experience.

Karigar App Interaction Design, Service Design

This project focuses on understanding and revitalising the dwindling Indian handicraft sector. Through an innovative app and system, we try to promote sustainable practices, empower artisans, and ensure the long-term preservation of this cultural heritage.
